

390

The performance you want with the flexibility you need

by SIMAUDIO

A new integrated experience

The MOON 390 is multi-function crossover type product that has the function of a modern network player, DAC, preamplifier, headphone amplifier, and phono stage. Roughly, it combines the feature set of both older model 350P and 380D and adds further. Another point of view: it can be seen as an All-in-One without a power amplifier. Still it will be pricier than our All-in-One ACE as it is of a higher pedigree and higher performance level. The 390 will be the first new product to benefit from MiND 2 streamer technology.

- ROON Ready device
- Tidal, Deezer and Qobuz Music Services
- Streaming of local source to other zones
- MQA and DSD decoding
- Menu-configurable MM/MC phono stage
- High End ESS DAC PRO chipset
- Up to 32-bits / 384 kHz sampling rate (USB)
- Multi-room synchronized playback
- HDMI 2.0 switcher (4k, HDCP 2.2)
- OLED screen
- MHP (MOON Hybrid Power - Universal Power Supply)

Compact design, unrestrained performance

Digital Audio Inputs

- 1x SPDIF Digital input on RCA connector
- 1x SPDIF Digital input on Toslink connector
- 1x AES/EBU Digital input on XLR connector
- 1x 'hi-rez/DSD audio' USB input
- 1x pair of analog audio inputs – line level (2x RCA)
- 1x pair of analog phono input (2x RCA)
- 1x pair of analog audio balanced input (2x XLR)

Audio/Video I/O

- 4x HDMI input
- 1x HDMI output with ARC

Audio Outputs

- 1x pair of analog audio balanced output – variable line level (2x XLR)
- 1x pair of analog audio output – variable line level (2x RCA)
- 1x pair of analog audio output – fixed line level (2x RCA)
- 1x headphone output on the front (1/4" TRS jack)

Communication I/O

- SimLink In + Out on 1/8" micro connector
- IR input on 1/8" micro connector
- 12V trigger Out on 1/8" micro connector
- Dual Ethernet Connector for MiND streaming module
- 2x Wi-Fi antennas for MiND streaming module
- Bluetooth internal antenna for Bluetooth streaming
- USB input for MiND module to access audio files on USB stick

Available Finishes Black 2-Tone Silver
