**RACK**  
**YOU!**

# B by BASSOCONTINUO 2.0

---

## THE ULTIMATE BESPOKE EXPERIENCE

- Based on REFERENCE LINE 2.0 technology.
  - NEW “Zero-shaking” system to sensible reduce shelf's trembling
  - Choose any combination of color, material, size. Match your rack with your high end system, your furnitures or simply your mood. Experience our online configurator to build your own rack: one like no one!
  - Solid metal parts, CNC worked, diameter of 40 mm: stainless steel, brass, copper and steel dark gray coated. Two different cylinders (2,5 and 7 cm) to complete all the multiple combinations.
  - Aftermarket update (add or remove one or more cylinders in any time to change the heights between the shelves) as for all our products.
  - Add one or more shelf in any time.
  - Rubber-like washers to decouple the shelf.
-
